

# AS50e

## Battery Rammer

**WACKER  
NEUSON**  
*all it takes!*

### Emission-free compaction: the AS50e battery-powered rammer

This AS50e cordless, battery powered rammer is ideal for indoor construction and renovation projects; for use in poorly ventilated areas including trenches as well as in sound sensitive areas such as hospitals. Convenient to operate with a quick, push button start and easy to guide along walls. The battery is separate from the rammer and can be replaced in a few quick steps without special tools.

- 100% emission-free work
- Ideal for indoor and sound sensitive applications
- Same compaction performance as comparable gasoline or diesel-powered rammers
- Low hand-arm vibrations (HAV) thanks to the parallel guidance of the handle
- Maintenance-free electric motor that is started at the push of a button

## AS50e Technical specifications

### AS50e

Operating weight	155.2 lb
Weight Without battery	134.48 lb
L x W x H	24 x 14.2 x 41.3 in
Ramming shoe size (WxL)	10.9 x 13.3 in
Percussion rate	680 blows/min
Battery run time	0.5 h
<b>Engine / Motor</b>	
Engine / Motor type	Asynchronous engine
Engine / Motor manufacturer	Wacker Neuson
Rated performance	2.1 kW
Rated current	41 A
Rated voltage	51 V
<b>Battery</b>	
Type of battery	Li-Ion
Weight	20.7 lb
L x W x H	8.7 x 11.4 x 7.6 in
Energy content	1 Wh
Capacity	20 Ah
Charge current max.	32 A
Discharge current max.	160 A
